WHITEHEART MALLEABLE CAST IRON FITTING BRAND EE

EN 10242

Whiteheart malleable cast iron fittings brand EE are well known among the plumbers in Europe and the world

Why is it worth choosing whiteheart malleable cast iron?

FITTING	WHITEHEART MALLEABLE CAST IRON EN-GJMW-400-5	BLACKHEART MALLEABLE CAST IRON EN-GJMB-350-10
STRENGTH OF THE MATERIAL	350-400 MPa	300-350 MPa
HARDNESS	220 HB	170-190 HB

The most important advantages of whiteheart malleable cast iron:

- ✂ very good strength as well as plasticity
- ✂ good resistance for abrasion
- ✂ low thermal expansion
- ✂ leak tightness and resistance for higher pressure
- ✂ good weldability
- ✂ better strength of the thread for breaking and deformations during installation
- ✂ higher resistance for corrosion and thus longer life
